

LYON COUNTY AUDITORS OFFICE  
June 14, 2022

ROCK RAPIDS, IOWA

Chairman Josh Feucht convened the adjourned session with Altena, Vanden Bosch, Birkey, and Herman present. Motion carried assumes unanimous vote unless otherwise stated. Supervisor Herman was present via telephone.

The Board started with the Pledge of Allegiance.

Minutes from the May 24 and June 9, 2022 meeting were reviewed. Motion by Altena, second by Birkey to approve and Chairman sign minutes. Motion carried.

Chairman Feucht introduced Resolution 2022-28 authorizing the transfer of road use tax funds to secondary roads. Motion by Vanden Bosch, second by Altena to approve and sign resolution. Motion carried. This is a summary of the resolution. The full and complete text can be obtained from the Auditor's Office or online at [www.lyoncounty.iowa.gov](http://www.lyoncounty.iowa.gov) under Supervisors and Resolutions.

Resolution 2022-29 to cancel outstanding checks from the prior fiscal year. Motion by Vanden Bosch, second by Birkey to approve and sign the resolution. Motion carried. This is a summary of the resolution. The full and complete text can be obtained from the Auditor's Office or online at [www.lyoncounty.iowa.gov](http://www.lyoncounty.iowa.gov) under Supervisors and Resolutions.

The Board received a road closure request from the City of Inwood for their upcoming July 4<sup>th</sup> Celebration and from the Inwood Community Club for their 5k. City is requesting closure of West Jefferson Street from intersection of Maple St West to intersection of Garfield Street on July 4<sup>th</sup>. Community Club is requesting West Jefferson Street South of the park and the 220<sup>th</sup> St and Cherry Avenue intersection while race is being ran. Motion by Birkey, second by Altena to approve closure requests. Motion carried.

The Board reviewed a law enforcement contract with the City of Lester for FY23 and FY24. FY23 is \$7,696 (296 @ 26.00), and FY24 is \$7,844 (296 @ 26.50). Motion by Birkey, second by Herman to approve and sign contract. Motion carried.

The Board reviewed the HIPAA agreement with ISAC. Motion by Altena, second by Vanden Bosch to approve and sign agreement. Motion carried.

The Board reviewed the Courthouse Disaster Plan. Motion by Vanden Bosch, second by Birkey to approve updated plan effective 7-1-2022. Motion carried.

The Board reviewed a contract for document scanning with Micro-Film Imaging. This project will be for Recorder and Auditor documents and will be completed using ARPA funds up to \$40,000. The total project has been approved at \$55,000 to allow funding for Solutions to upload scanned images to document locator program. Motion by Birkey, second by Herman to approve contract. Motion carried.

The ARPA Annex building committee gave an update as to where the project is sitting. Supervisor Herman would like to look into the other half of the building Cody Hoefert has. Herman notes the lumber market is going down and maybe a Reeves building would be a good option for a free standing building at the existing site. Herman will talk with Cody Hoefert regarding the building and specs. There was discussion on the businesses that currently

lease offices in the Annex, and if any of them would be able to share office space. The current thought would be to move all county offices except secondary roads to a new "annex". Secondary roads could possibly move to a new building on the RR shop property.

Sam Chase joined the meeting to present the FY23 insurance renewal. The renewal has an increase of \$65,862 which is roughly a 23% increase from FY22. An uptick in claims nationally are being seen in public official claims for employment practices liability and police liability. Chase also notes that insurance rates are now seeing the increases due to past weather incidents across the state from prior years. Chase suggests that due to the increase in favorable verdicts for claimants nationwide, the Board may want to look at increasing coverage amounts in order to stay ahead in coverage before it may be needed. Increasing coverage by \$1 million would cost an additional \$1,814, moving to \$7 million would cost an additional \$3,252. The Board decided to table the approval to the June 28<sup>th</sup> meeting.

Lisa Rockhill joined the meeting for the Sioux Rivers 28E Agreement. The agreement includes how mental health will work as of the July 1, 2022 date. The mental health fund (10000) will cease to exist as of 7-1-2022 due to legislative law changes. Motion by Birkey, second by Altena to approve and sign agreement. Motion carried.

Rockhill also discussed the general assistance MOU with Sioux Rivers for FY2023. The MOU states that Lyon County will pay a per capita amount of \$0.35. This amount is \$4,176.90. This amount does not cover any normal expenses that general assistance covers, only administration costs. Motion by Vanden Bosch, second by Altena to approve MOU. Motion carried.

Economic Development Director Steve Simons joined the meeting with Mike Domnick, Diversified Technologies, Inc. Project Engineer to discuss the project application to Iowa Development Authority for a building project. Resolution 2022-30 lays out the contribution from Lyon County towards the project. Simons explained that the minimum support is already in place in Lyon County per Ordinance 87-8 and outlines the Industrial Property Tax Credit. Diversified Technologies will bring 10 new full-time or career positions, provide comprehensive health benefits to their employees and make a capital investment of approximately \$8 million. Domnick noted that the application must be in by June 28 and depending on the IDA decision, Domnick would like to start the project moving forward as soon as it can. Motion by Altena, second by Vanden Bosch to approve and sign Resolution 2022-30. Motion carried. This is a summary of the resolution. The full and complete text can be obtained from the Auditor's Office or online at [www.lyoncounty.iowa.gov](http://www.lyoncounty.iowa.gov) under Supervisors and Resolutions.

County Engineer Daryl Albertson and Road Superintendent Dave Jackson joined the meeting. Albertson states that K60 is closed for the bridge project with bridge removal starting today. The bridge project in the southeast corner of county is almost finished. Jackson states that the crew continues to work on rebuilding gravel roads as the weather allows. The pit is still crushing gravel. Henning has been hired to haul from the Ellsworth pit to George shop in order to help our crews have shorter hauls. Motorgrader update states that there are 2 in Des Moines and the county should have 5 coming total within the next couple weeks.

The Board went back to the discussion of the annex building project to ask Albertson and Jackson as to what they would be looking at for offices.

Albertson asked if cold storage would be possible as well. Herman asked Albertson/Jackson to draw up what they would need as far as office space.

Albertson also noted that they would be looking at possibly purchasing a seeder or a hydro seeder to be more efficient and get better results in grass growth after cleaning out ditches.

Truck driver applications closed today however there were no applications submitted.

The Board discussed the YES Center request for ARPA funds in the amount of \$6,619.00. The center is requesting this amount from each of the 13 counties to help cover costs incurred due to remodeling and items needed for COVID. Some counties are fulfilling the request, others are not. The county is liable to ensure the Center uses the funds as stated as the County has to report to the U.S. Treasury on projects funded with ARPA funds. It was also discussed that Sioux Rivers may be giving roughly \$90,000 to the Center as well. Motion by Vanden Bosch, second by Altena to decline the YES Center's request for ARPA funding. Motion carried.

The administrative recount board submitted a report on their findings from the recount held on May 13<sup>th</sup>.

Motion by Vanden Bosch, second by Birkey to approve claims. Motion carried.
